

HEPP Cutlery –
strikingly different!

The new PVD colour coating for cutlery
is both extravagant and stylish – The art of service!

Rise out of the ordinary with this elegant and vibrantly coloured coating and make your cutlery stand out from the crowd. This high-quality coating technology can be applied to all HEPP cutlery models. On a per order basis, we will gladly coat your cutlery pieces in the

colour of your choice, selected from the four available nuances. This will ensure your cutlery will always grab the attention of your guests. Let us take care of you. We will be happy to provide further details regarding price and delivery upon request.

Striking cutlery thanks to the extravagant PVD colour coating

copper bronze (polished)

gold (polished)

anthracite (polished)

light gold (polished)
