"Basic"

Food: Pâtisserie Walter (www.patisserie.de)

"Basic" is the simple and flexible solution to create different presentation levels.

The high-quality columns made of matt brushed stainless steel (18/10) are a fitting base for buffet platters made of glass and other materials. The columns are fitted with felt pads on the top to protect the surface of glass platters and to compensate any unevenness of the tables. The feet with 7 cm in diameter guarantee firm standing.

The unobtrusive and unadorned design of the buffet stands puts the food and drinks in the limelight.

"Basic" is available in four heights and can be combined with several Zieher buffet systems (pages 28 and 29). The carbon buffet stands "V12" presented here can be found on pages 42 to 44.

Please note: We do not recommend the use of "Basic" in combination with buffet platters made of natural slate. Due to the slightly varying thickness of natural slate platters, this combination might shake.

The card holder made of stainless steel is available on page 100.
