The trays and bowls of the "Artisan" series are fascinating and diversified at the same time. The inside with its perfectly polished surface creates an interesting contrast to the matt outside.

The handcrafted rim impresses by its irregularity and is crowned by a circumferential brass edge. The combination of hammered and plain surfaces, of massive stainless steel and brass, awards this series with that certain something.

"Artisan" is a series of contrast!

The plane surface of the trays facilitates the service and prevents unpleasant noise. When used at the buffet, creatively arranged food can be presented in an appealing way and is accentuated by the reflection of the polished surfaces.
