8311.22	27x27x22.5	2 pcs.
8311.46	27x27x46.5	2 pcs.

"Curve"

– flexibility with a concept

"Curve" is made of 3 mm strong galvanised steel with a high grade powder coating. This guarantees great stability and corrosion-resistance. The colouring in matt black or white as well as the gaps between the bars were expressly chosen by the Milanese designer Itamar Harari to make the raisers completely compatible with the systems "Skyline" (pages 6 to 12) and "Squareline" (pages 13 to 17). The attractively priced "Curve" is therefore not only suitable as a starter version but also as an optimal extension of existing systems.

During the development of "Curve" special attention was given to the mobile usage. Thus all components can be stored in an extremely space-saving way. Simple and swift to install, "Curve" is the perfect equipment for outdoor areas, events and catering.
