

The buffet displays "Classy" are made of translucent material and impress by their fascinating texture that is reminiscent of Italian marble or alabaster. The precise workmanship of the cubes as well as the silk-matt surface increase the fancy impression even more.

"Classy" is available in the Zieher system heights of 8, 16 and 24 cm and can therefore be combined in various ways. The open bottom side of the large displays allows an effective illumination by the optionally available LED-lights. With their different light colours, the LED-lights emphasise the appealing look and the interesting marbling of the material.

The small cube has no open underside and thus cannot be illuminated. The advantage of this construction is due to its high functionality. Its dimensions of 24 x 16 x 8 cm enable a positioning in 3 heights - a clever supplement to the quadratic displays.

The baskets of the "Reef" series are available on pages 67 to 69.

It is possible to stage "Classy" with or without lighting, strikingly eye-catching or quite decently. Whether unobtrusive and modern or playful and opulent – "Classy" fits perfectly into any surrounding!

Closed on all sides, cannot be illuminated.
